

CAPABILITY LIST

POWERPLANT: CF6	CF6-50	CF6-80
Low pressure Compressor	X	X
General Maintenance, Inspection and Repair to include:		
Fan Blade Removal and Lubrication	X	X
High Pressure Compressor	X	X
General Maintenance, Inspection and Repair to include:		
Top Case Removal and Replacement	X	X
Bottom Case Removal and Replacement	X	X
Boro Blend	X	X
Accessory Gear Box	X	X
General Maintenance, Inspection and Repair to include:		
Accessory Gear Box Removal and Replacement	X	X
Borescope Inspection	X	X
QEC Build-up and Installation	X	X
Replacement of External Accessories and Components	X	X
Power Conversion (FADEC AND NON-FADEC) NOTE: CF6-80 Only		X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X	X
Engine Removal & Installation	X	X
Engine Preservation	X	X
Engine C-check	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: GEnx	GEnx
Borescope Inspection	X
QEC Build-up and Installation	X
Replacement of External Accessories and Components	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X
Engine Preservation	X
Engine C-check	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: CFM56	CFM56-3	CFM56-5	CFM56-7
Low pressure Compressor			
General Maintenance, Inspection and Repair to include:	X	X	X
Fan Blade Removal and Lubrication	X	X	X
High Pressure Compressor	X	X	X
General Maintenance, Inspection and Repair to include:			
Top Case	X	X	X
Bottom Case	X	X	X
Boro Blend	X	X	X
Accessory Gear Box	X	X	X
General Maintenance, Inspection and Repair to include:			
Accessory Gear Box Removal and Replacement	X	X	X
Transfer Gear Box Removal and Replacement	X	X	X
Borescope Inspection	X	X	X
QEC Build-up and Installation	X	X	X
Replacement of External Accessories and Components	X	X	X
Power Conversion PMC, MEC and/or VSV actuators	X	X	X
Power Conversion Plug Replacement and Data Tag update	X	X	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X	X	X
Engine Removal and Installation	X	X	X
Engine Preservation	X	X	X
Engine C-Check	X	X	X

**ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP),
PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR**

CAPABILITY LIST

POWERPLANT: LEAP

	LEAP 1A	LEAP 1B
Low pressure Compressor	X	X
General Maintenance, Inspection and Repair to include:		
Fan Blade Removal and Installation	X	X
Boro Blend	X	X
Combustor Section	X	X
Fuel Nozzle Removal & Installation		
Borescope Inspection	X	X
QEC Build-up and Installation	X	X
Replacement of External Accessories and Components	X	X
Power Conversion PMC, MEC and/or VSV actuators	X	X
Power Conversion Plug Replacement and Data Tag update	X	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X	X
Engine Removal & Installation	X	X
Engine Preservation	X	X
Engine C-check	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: CF34	CF34-3	CF34-8	CF34-10
Low Pressure Compressor	X	X	X
General Maintenance, Inspection and Repair to include:			
Fan Blade removal and Lubrication	X	X	X
High Pressure Compressor	X	X	X
General Maintenance, Inspection and Repair to include:			
Top Case	X	X	X
Bottom Case	X	X	X
Boro Blend	X	X	X
AGB (Accessory Gearbox)	X	X	X
General Maintenance, Inspection and Repair to include:			
Gearbox Replacement	X	X	X
Borescope Inspection	X	X	X
QEC Build-up and Installation	X	X	X
Replacement of External Accessories and Components	X	X	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X	X	X
Engine Removal & Installation	X	X	X
Engine Preservation	X	X	X
Engine C-check	X	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: GE90	GE90
Low pressure Compressor	X
General Maintenance, Inspection and Repair to include:	X
Fan Blade Removal and Lubrication	X
Fan Module Removal and Replacement	X
High Pressure Compressor	X
Boro Blend	X
Borescope Inspection	X
QEC Build-up and Installation	X
Replacement of External Accessories and Components	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X
Engine Removal & Installation	X
Engine Preservation	X
Engine C-check	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: Pratt and Whitney

	PW2000	PW4000 94"	PW4000 100"	PW4000 112"
Low pressure Compressor General Maintenance, Inspection and Repair to include:	X	X	X	X
Fan Blade Removal and Lubrication	X	X		X
Fan Blade Re-contour Repair		X		
Accessory Gearbox General Maintenance, Inspection and Repair to include:	X	X	X	X
Removal and Replacement		X		
Borescope Inspection	X	X	X	X
QEC Build-up and Installation	X	X	X	X
Replacement of External Accessories and Components	X	X	X	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X	X	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X	X	X	X
Engine Removal & Installation	X	X		
Engine Preservation	X	X	X	X
Engine C-Check	X	X	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: Pratt and Whitney	PW 1100G
Borescope Inspection	X
QEC Build-up and Installation	X
Replacement of External Accessories and Components	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X
Engine Preservation	X
Engine C-check	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: IAE V2500	V2500-A1	V2500-A5
Low pressure Compressor	X	X
General Maintenance, Inspection and Repair to include:		
Fan case Attrition Liner, Anti-ice Panel & Acoustic panel	X	X
Fan Blade removal and Lubrication	X	X
Fuel Nozzle replacement	X	X
Accessory Gearbox	X	X
General Maintenance, Inspection and Repair to include:		
Removal and Replacement	X	X
Borescope Inspection	X	X
QEC Build-up and Installation	X	X
Replacement of External Accessories and Components	X	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X
Engine Preservation	X	X
Engine C-check	X	X
Engine Removal and Installation	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP),

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

POWERPLANT: Rolls Royce

	RB211-535	Trent 700
Low pressure Compressor General Maintenance, Inspection and Repair to include:	X	X
Fan Blade Removal and Lubrication	X	X
Borescope Inspection	X	X
QEC Build-up and Installation	X	X
Replacement of External Accessories and Components	X	X
Continue Time Inspection: (Verify AD Compliance, External visual Inspections, Observe MPA Data, Borescope)	X	X
SCHEDULED MAINTENANCE PROGRAM ITEMS	X	X
Engine Removal & Installation	X	X
Engine Preservation	X	X
Engine C-Check	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.

CAPABILITY LIST

ENGINE ON WING MAINTENANCE TO INCLUDE:

AIRFRAME:

	ENGINE R & R	AIRFRAME PYLON INSP	MPA Run-up Observation and Recording
McDONNELL DOUGLAS			
DC10/MD10/MD11	X	X	X
BOEING			
B737-SERIES	X	X	X
B747-SERIES	X	X	X
B757-SERIES	X	X	X
B767-SERIES	X	X	X
B777-SERIES	X	X	X
B787-SERIES			X
AIRBUS			
A300/A310	X	X	X
A318/A319/A320/321	X	X	X
A330/A340	X	X	X
CANADAIR REGIONAL JET			
CRJ200/700/900	X	X	X
CL-601/CL-604	X	X	X
EMBREAR			
145 SERIES	X	X	X
170/175 SERIES	X	X	X
190 SERIES	X	X	X

ALL MAINTENANCE PERFORMED IAW OEM MAINTENANCE MANUALS, PART 121/135 AIR CARRIER MAINTENANCE PROGRAM (CAMP).

PART 125/129 APPROVED MAINTENANCE PROGRAMS OR OTHER DATA APPROVED BY ADMINISTRATOR

Note: All activity identified in this capability list may be performed away from station in accordance with the part D-100 of the repair station Operations Specifications.
